

PRISONER BAND GIVES CONCERT

200 Columbians and Students Visit State Penitentiary and Capitol.

A party of 200 persons under the supervision of Prof. A. F. Kuhlman of the sociology department visited the State Penitentiary at Jefferson City Saturday morning to study the actual conditions in such an institution. A special train over the Missouri, Kansas and Texas Railroad, left Columbia at 8 o'clock in the morning, and at 10 o'clock the party had started through the penitentiary.

The prison band gave an outdoor concert for the visitors and their inspection of the buildings began. The cells where the prisoners live, the kitchen, the dining room with its rows of bare, wooden tables, the factory where the men find employment and the power plant were inspected. The party then was escorted into the auditorium where the prison band again played.

A. T. Hollenbeck, chairman of the Board of Commissioners, made a short talk and then introduced J. Kelly Pool, chairman of the parole committee, who lectured to the party on the methods of conducting such an institution. There are 2,200 prisoners at present of which number about 100 are women. Most of the women are federal prisoners and are there because the government has no place of its own for its female prisoners and consequently sends them to the best state institutions. Mr. Pool emphasized the fact that each prisoner was a separate problem and human nature could not be handled as a whole.

At the close of the talk Mr. Pool answered questions. After this one of the old cell buildings was inspected. At noon the party watched the prisoners march from other buildings into the dining hall. At 2 o'clock a group of visitors was taken through the women's part of the prison.

Dr. John Pickard guided a party through the State Capitol in the afternoon and lectured on the art work in the building. The first talk was made about the exterior of the capitol and then on the work being done on the inside. The art work in both the House and in the Senate was described and then the Soldiers' and Sailors' museum was visited. Doctor Pickard gave the history of the canvases which have been placed there, told some thing of the artists who painted them and why these pictures were chosen. To be hung in the State Capitol. The governor's reception room was the last place visited and there Doctor Pickard told of the series of portraits of Missouri men which has been planned for that room.

METHODISTS PLEDGE \$4,840

Canvassing Among Students Still Going On.

"Carrying the Missouri Methodist Foundation message to every Methodist student in the University is the only thing necessary to the success of the student part of the Missouri Methodist Foundation drive," said E. H. Newcomb to thirty team leaders at a dinner last evening at the Broadway Methodist

Church. He reported \$110 raised yesterday afternoon among the students making the student total \$4,840. All team captains will meet with their teams at 5 o'clock this afternoon at the Methodist Student Headquarters to hear reports and receive inspiration.

One girl has turned in \$485 in student pledges and another \$350, reported Miss Nola Lee Anderson, student campaign director for the Methodist women. "I am much encouraged over the reports coming from the girls," she said. "The girls are talking the campaign on the campus, and by the way they are working we expect 100 per cent of the University women to make a pledge."

"I am a strong believer in the psychology of student giving—giving until it hurts," said Tucker P. Smith, "Methodist students will start this and put the University of Missouri on the map as a giving university. The success of this drive will mean a different atmosphere around the University campus. Only by giving can the Foundation be built."

"We have needed more adequate social equipment at the University for some time," said Miss Ruth Rusk. "The Foundation will mean a nice church, Sunday school and league rooms. The entire plant will mean much to future students."

J. W. Schwabe, city campaign director, took the student team leaders into his confidence and told them the way the church membership canvass is being done. "We have 1,000 members of the Broadway Church," he said. "By the start we have made, we are absolutely certain the drive will go over. There is not a young man or woman in the University, but who will make a pledge if the matter is put up in the right way."

\$1,000 PAID ON LODGE LOTS

Odd Fellows Report Good Progress in Soliciting Campaign.

More than \$1,000 was paid on pledges toward the purchase of the Odd Fellow lots on Tenth and Walnut streets at the meeting of the order last night. The building committee reported good progress in soliciting voluntary pledges. About \$300 was pledged last night, making a total of more than \$5,000 of the sum needed. Of this amount 20 per cent has been paid in.

Many members of the order who live out of town have not been heard from. Following the meeting of the lodge a luncheon was served. A large Victory Cake, baked by Lieut. A. L. Campbell, who has recently transferred his membership to this lodge from his old home in Ohio, was served. A victory cake is so made that when cut the edge shows red, white and blue. The top of the cake was decorated with icings showing the three links and other emblems of the order.
